VOLUME 19 | APRIL 2014

SPECIAL ISSUE  
**CAMPAIGN KICKOFF**  
CONTINUING THE INNOVATION

**LEVEL 4:**  
Family Medicine Residency

**LEVEL 3:**  
Room to Grow

**LEVEL 2:**  
Heart & Vascular Institute

**LEVEL 1:**  
Susquehanna Health OB/GYN  
and General Surgery

Innovation has brought us to where we are today. Look back only a few years and you'll see just how much our technology alone has advanced. But we can't stop here. Providing the highest quality healthcare depends on continuous innovation.

# CONTINUING THE INNOVATION

Susquehanna Health Foundation's *Continuing the Innovation* Capital Campaign will bring the best technology, most advanced facilities and top healthcare providers to our community. But as with all innovation, it takes a cooperative effort. We need our community's financial support to keep pace.

## HEALTH INNOVATION CENTER

### Family Medicine Residency

Our residency program is nationally recognized for providing top-quality care to local families in need. The Center will provide a space where we can educate and train these physicians, many of whom will then return to practice here.

### Room to Grow

When the Health Innovation Center opens, this floor will be vacant. The available space will be room for the new technologies and services that arise as our community needs continue to change and grow.

### Heart & Vascular Institute

Collaboration and efficiency are key when it comes to conditions of the heart and vascular system. This new space brings together specialists in vascular surgery, cardiothoracic surgery, electrophysiology and cardiology to enhance patient experiences and outcomes.

### Susquehanna Health OB/GYN and General Surgery

The modern facility will provide a comfortable space to put patients at ease during consultations, routine exams and diagnostic tests. The facility's central location allows easy access to other service areas when needed.

# CONTINUING THE INNOVATION

1 In the ever-changing world of healthcare, the need to keep pace with medical advancements is great. Plans

## HEALTH INNOVATION CENTER

to build a Health Innovation Center on the Williamsport Regional Medical Center campus will help us do just that. The outpatient, four-story addition will complement the surgical and emergency facilities within Susquehanna Tower, expanding our ability to provide comprehensive, advanced patient care. The Health Innovation Center will continue to attract talented physicians and specialists to the area.

### YOUR DONATIONS MEAN:

- A modern outpatient facility designed to improve patient access and to enhance physician collaboration for improved patient outcomes
- Expanded cardiovascular services including the addition of an amputation prevention clinic
- Increased attraction and retention of new physicians and family medicine residents

# newat

## 2 EMERGENCY DEPARTMENT AT MUNCY VALLEY HOSPITAL

As our community grows, our healthcare services need to grow too. Over the past

five years, patient visits have increased from 11,000 to 16,000 per year. The current facilities were originally built to treat only 6,000.

### YOUR DONATIONS MEAN:

- Increase from five curtained bays to 14 private rooms equipped with modern technology and designed to:
  - Enhance patient privacy
  - Improve infection control
  - Reduce noise and other stressors
- New, specialized areas for trauma, decontamination and behavioral health evaluation
- Easy access to support services such as radiology and lab
- Enhanced security and visibility through a more functional floor plan and design

To make orthopedic care more efficient and effective for our patients, we're bringing multiple

## BONE & JOINT INSTITUTE

specialists together under one roof. The new facility will provide a central location where patients can be cared for by orthopedic surgeons, rheumatologists, podiatric surgeons, sports medicine specialists and occupational and physical therapists.

### YOUR DONATIONS MEAN:

- A centralized hub where patients can have access to multiple orthopedic services in a single visit
- A nurse navigator to coordinate patient care
- Concussion clinic and impact testing

## YOUR FINANCIAL SUPPORT

will help make the *Continuing the Innovation* Capital Campaign projects a reality.

### 3 WAYS TO GIVE:

1. Donate online at [SusquehannaHealth.org/Donate](https://SusquehannaHealth.org/Donate)
2. Call the Susquehanna Health Foundation at (570) 320-7460
3. Mail the envelope included in the magazine along with a check to Susquehanna Health Foundation

[SusquehannaHealth.org/Giving](http://SusquehannaHealth.org/Giving)

Susquehanna Health Foundation is pleased to announce that the Laurel Health System's Development Office has joined the Foundation team.

With this issue of the *Foundation Focus* we welcome donors who have supported Laurel Health System while introducing changes that reflect the united efforts of our Susquehanna Health Foundation offices in Tioga and Lycoming Counties.

Over the next year you will notice changes in the magazine as we grow together. The *Foundation Focus* will recognize donors and report the many ways your contributions support our shared mission. You'll learn how your contributions are making a difference with recruiting new specialists as well as providing new treatments, equipment and facilities that are improving access to high-quality care for our communities.

The transition provides broader representation to the Susquehanna Health Foundation Board of Directors and

allows us to thank and recognize our Tioga County donors more consistently with greater visibility. We'll also be able to share expanded opportunities for making gifts including a comprehensive planned giving program.

With no staffing changes, you will continue to receive the same personalized attention from familiar faces at each of our locations. Just as all donations and pledges are certain to be used as they were directed, you will have the assurance that all future donations can directly benefit the department or hospital of your choice.

For a nonprofit organization serving a larger community, the importance of your continued support has grown and so too has the impact that your gift

can make to improve the lives in our region through better healthcare. Just as past gifts have helped make today's care possible, your support today will touch the lives of patients and their families now and in the future. We are thankful to all who support our united Susquehanna Health Foundation and look forward to accomplishing great things together.

### OUR MISSION

Connecting the generosity of a caring community with opportunities to improve the lives of others through better health.

### WHO WE SUPPORT

Susquehanna Health Foundation is the philanthropic arm of Susquehanna Health. As such, the Foundation accepts and distributes gifts to support the mission of Williamsport Regional Medical Center, Divine Providence Hospital, Muncy Valley Hospital and now Soldiers + Sailors Memorial Hospital, along with The Green Home and The Laurels.

# Soldiers + Sailors Memorial Hospital's Building for the Future Capital Campaign

As Soldiers + Sailors Memorial Hospital (SSMH) adapts to the ever-evolving field of healthcare through cutting-edge technology and procedures, it remains committed to its goal of providing the highest level of care possible. When the previous Emergency Department began to exceed capacity with even larger increases in visits than forecasted, SSMH determined expansion was necessary. The hospital enhanced its facility through a two-story expansion housing new emergency and surgical care units—the largest addition in SSMH's 70-year history, guided by long-term planning for the current and future needs of the community.

The 36,000-square-foot expansion houses a brand new, state-of-the-art Emergency Department, Same Day Surgery Unit and paramedic garage. "Emergency services are a vital part of our service to the community," explained Janie Hilfiger, President of SSMH.

"The number of patients our Emergency Department treats is still increasing, and this expansion was imperative to providing the highest quality emergency care as our patient volumes continue to grow."

**"The number of patients our  
Emergency Department treats is  
still increasing, and this expansion  
was imperative to providing the  
highest quality emergency care."**

—JANIE HILFIGER, PRESIDENT OF SSMH

Soldiers + Sailors Memorial Hospital's Emergency Department currently treats more than 18,500 patients each year. Close to 3,000 of those patients are brought to the Emergency Department through paramedic and ambulatory services, highlighting the importance of adding a separate ambulance entrance and paramedic garage through the expansion.

The *Building for the Future* Capital Campaign has been launched to raise \$5 million to assist with

financing the newly constructed Emergency Department and Same Day Surgery Unit. To date, more than \$3 million has been raised thanks to the generosity of community members, business owners and hospital family members.

Over the past few months, the campaign has focused on the support of physicians, employees and system leadership and is now planning its outreach to invite the community to participate in the fundraising campaign.

Throughout SSMH's history, the community has been a strong supporter. The partnership forged over the years, by SSMH and the communities it serves, will assist in meeting the challenges of tomorrow. Together we are building for the future.

For more information or to support SSMH's Capital Campaign, contact Melissa Coolidge, Development Officer, at (570) 723-0506.

# CONTINUING A TRADITION of **GIVING**

With a \$500,000 Signature donation to Susquehanna Health Foundation's *Continuing the Innovation* Capital Campaign, **Blaise Alexander** and his sons **Adam** and **Aubrey** are helping to ensure high-quality care will be available for the region's future generations.

“People don’t migrate out of this area; families stay here generation after generation because it’s a remarkable quality of life—a good mix of middle America and a community with a lot of heritage and a good steady economy,” Blaise says. “It’s also one of the most beautiful valleys—probably the best kept secret in the whole state.”

Blaise moved his young family to Montoursville in 1980 when he

Their gift is part of a family tradition of supporting organizations that help the overall well-being of the community. This past year, the Blaise Alexander Family Dealerships were a significant participant in *Raise the Region*, a campaign that successfully increased awareness of and contributions to local charities.

“What motivates me to contribute is having the wherewithal to help at this

community involvement, says that a major inspiration for the Signature Gift is what Susquehanna Health has accomplished so far, as well as the organization’s plans for the future.

“I am more than impressed with the leadership at Susquehanna Health. I have experience with big deals and projects, and what they are accomplishing is no small task,” Blaise says. “When I bring potential

“I am more than impressed with the leadership at Susquehanna Health. ...and what they are accomplishing is no small task.”

— Blaise Alexander

purchased his first auto dealership. From there he expanded Blaise Alexander Family Dealerships to 13 locations. He also started AutoTrakk, an automobile leasing company specializing in financing customers with moderate to severe credit issues. Blaise’s sons, who now have families of their own, help run the dealerships.

The two generations of Alexanders contributed \$400,000, with an additional \$100,000 from AutoTrakk, to help fund projects such as the new Emergency Department at Muncy Valley Hospital.

“We are honored to be part of it,” Aubrey Alexander says. “As an employer and as a father, it’s a relief to know that we have such good healthcare close by for our families and for the families of our employees and customers. We understand that contributions are essential to bring top-quality care to our community.”

stage in my life. Giving to the community is very rewarding,” says Blaise.

His community support over the years includes gifts through the Anne L. “Annie” and Blaise Robert “BR” Alexander Memorial Scholarship Fund as well as contributions of land and funds for the Eastern Lycoming YMCA in Muncy. His favorite charities also include those benefiting children and children with disabilities, such as the Children’s Development Center and Hope Enterprises.

The Alexander family’s connection to Susquehanna Health began when the late Anne “Annie” L. Alexander, Blaise’s wife, and Adam’s and Aubrey’s mother, was a nurse at Williamsport Hospital during the 1980s. Later, when Annie was treated for cancer, Susquehanna Health was one of the places where she received care.

Blaise, who also formed connections with the health system through his

employees into town, I can show them around, and they see that while it’s a rural area, the standard of living is outstanding. From the arts to the restaurants and colleges, we really have a lot to offer, and I think Susquehanna Health is the gem of the whole group.

“In a county that’s bigger than the state of Rhode Island but with a population of just less than 120,000, you would never expect to find the medical facilities and level of care that we have,” Blaise continues. “Everything they have talked about is coming to fruition. To do that takes courage; it’s like building a new school or anything on a grand scale. It’s a great project for our area and a great project for the next 100 years.”

*Pictured above: Aubrey Alexander, Michael Caffrey, Steven P. Johnson, Blaise Alexander and Adam Alexander*

# ROUTINE EXAM TAKES A BYPASS

Ron Kennedy with his grandchildren Kendall, Connor and Hunter at Treasure Castle Playland in South Williamsport

## ARRIVING AT WILLIAMSPORT REGIONAL MEDICAL CENTER

at 7:30 am on October 1, 2013, **Ron Kennedy**, 66, of Montoursville planned to “knock out” his stress test before heading to work. The day took a decidedly different turn, resulting in Ron undergoing quadruple heart bypass surgery that afternoon.

He credits the quick action of staff and easy coordination of resources, doctors and surgeons from Susquehanna Health’s Heart & Vascular Institute for his prompt, lifesaving treatment.

Ron was always athletic but says he’s slowed down over the last nine years. Just over a year ago, Ron was diagnosed with diabetes. Despite his condition, he’s stayed busy working, fishing, spending time with his six grandchildren and helping manage one of his grandson’s baseball teams. Shortness of breath and a noticeable decrease in stamina sent him to his family doctor, who referred him for the stress test.

Ron struggled during the test and wasn’t surprised when the administering nurse, **Sharon Heintzelman**, RN, called for cardiologist **Dr. Mohammad Shafique**. Within five minutes, Dr. Shafique arrived to check Ron’s test results, which indicated insufficient blood flow to his heart. Dr. Shafique alerted interventional cardiologist **Dr. Donald Nardone**, who was ready to meet Ron in the Cardiac Catheterization Lab by 9 am.

During the diagnostic catheterization, Dr. Nardone discovered that one of Ron’s arteries was 100 percent blocked and the other three were 66 percent blocked. Consulting with **Dr. Mark Osevala**, a cardiothoracic surgeon, they determined Ron needed quadruple bypass surgery. Dr. Nardone placed a balloon pump near Ron’s heart to help it beat more efficiently while Dr. Osevala’s team prepared for surgery. By 1 pm, the lifesaving bypass procedure had begun.

“With the severity of his blockages, he was certainly at risk for a very severe or life-threatening cardiac event,” Dr. Osevala says. “While this isn’t the typical progression for a patient receiving a stress test, we are certainly equipped and ready to mobilize to provide seamless care in these high-risk situations.”

While Ron’s plans for the day changed rapidly, he says he was totally at ease with the quality of care he was receiving and was even pleased to see some familiar faces among his caregivers. “I had the best care Williamsport Regional Medical Center had to offer,” says Ron. “I was totally blessed the whole way through.”

As Ron recovered in his hospital room, with his son and daughter by his side, he was continually impressed by the doctors, nurses and staff who were providing his care.

**“It just blew me away. The knowledge and competence of the nurses and staff were so great. I can’t emphasize enough how well we were all treated,” Ron says.**

“The level of training, from charge nurse to the care at the bedside, is really the key to our success,” Dr. Osevala says. “Our patients and their families derive a degree of comfort from their interactions with physicians, nurses, support staff, physical and respiratory therapists, and dietary and custodial staff. That friendly, professional manner is what sets us apart and allows patients and families to feel that they have been taken care of in a good, sincere manner. That’s what we do here.”

Ron was discharged six days after surgery, and about six weeks later he began participating in CHAMPS, Susquehanna Health’s outpatient cardiac rehabilitation program. At CHAMPS, he exercised under the supervision of cardiac nurses who monitored his blood pressure and blood sugar levels. He also learned about lifestyle modifications he could make to ensure a safe return to an active lifestyle.

“We have an excellent, comprehensive continuum of care that allows us to meet the medical, physical, emotional and social needs of our patients, both immediately, post-operatively and continuing through to their recovery,” Dr. Osevala says. “That way they can get back to their lives as quickly and completely as possible.”

Back at work and spending plenty of time with his grandchildren, Ron is feeling better than he has in a long time.

“The exercise is definitely something I want to keep up with. I had been so dormant, so it’s taking some time to regain strength,” Ron says. “But I feel like I’m 50 again. People tell me I look great, and I feel better than I look!”

For more information on the upcoming plans for the Susquehanna Health Heart & Vascular Institute see the cover.

Thank a nurse who is special to you!

**May 6 to 12**  
**NATIONAL NURSES WEEK**

Behind the scenes they comfort you and help provide the best care available. Now it's time to recognize them. Express your gratitude for a nurse or nursing unit with a gift that supports Susquehanna Health's compassionate mission.

You can make a donation in honor of Nurses Week and submit a personalized note for a nurse online at [SusquehannaHealth.org/NursesWeek](http://SusquehannaHealth.org/NursesWeek) or use the enclosed envelope.

# Your Contributions *at* Work

We realized this engaging, colorful tool was helping patients get positively focused and enjoying therapy more."

—Mary Ann Bellfy, CTRS

## Apple TV and iPads Engage Rehabilitation Patients for Therapy

**I**n inpatient Rehabilitation at Williamsport Regional Medical Center, therapists are using iPads and Apple TV to help patients regain important skills from speech to hand-eye coordination and even moving from place to place.

About three years ago, speech therapists began bringing their personal iPads into work so patients could use applications designed to help with rehabilitation. Even patients who balked at picking up pencil and paper responded to the visuals and graphics

on the iPad screen. Therapists noted that patients were more motivated to complete their treatments and there was a multitude of applications designed to assist with assessing and rehabilitating cognitive and fine motor skills.

Rehabilitation patients, who could be staying in the hospital up to six weeks depending on their diagnosis, also enjoyed the opportunity to engage in some of their typical activities like emailing to stay in contact with family and friends. Soon recreational therapists were bringing their iPads to use with patients, too.

"We realized this engaging, colorful tool was helping patients get positively focused and enjoying therapy more," explains **Mary Ann Bellfy**, CTRS, Supervisor, Rehabilitation Services. "But we needed to have our own equipment to ensure the safety and security of our patients and staff."

Using funds from contributors like you, the Foundation donated four iPads, Apple TV, a 32-inch monitor and a cart for transport to aid with rehabilitation. Applications on the iPads assist therapists with evaluating patients, discovering deficit areas and introducing tools that can help them build certain skills.

"As an example, we have a game that helps stroke patients who have visual impairment work on their tracking skills by reminding them to look to the left or right," Mary Ann says.

The 32-inch monitor and Apple TV travel on a cart from one treatment area to another where physical therapists can record, using the iPad, and immediately show patients how to improve techniques or download videos to assist with teaching certain skills.

"It's a great teaching aid that really helps us personalize each rehabilitation experience," Mary Ann says. "A patient, who is tetraplegic, learned how to pull himself up to move from one location to another by watching a video of that skill broadcast on the monitor. As he worked on the technique, we videotaped him and showed him the tape so he could see his progress until he mastered the skill."

## Patient's Gentle Spirit Plays on Through Gift of Music

**D**uring the nearly 10 years **Adam Scampone** received treatments at the Susquehanna Health Cancer Center and Same Day Services/Infusion Center at Divine Providence Hospital, the avid guitar and piano player always had his headphones and CD player in hand to help pass the time. His gentle, caring personality endeared him to the Same Day Services/Infusion Center staff. They enjoyed caring for and visiting with Adam and got to know him, his wife, Jane, and other family members during his treatments, which increased in frequency over the years.

"He and his family became part of our lives, and we became like family to them," says **Deb Masser**, Supervisor, Same Day Services/Infusion Center. "On his 65<sup>th</sup> birthday, a few months before he passed away, we surprised him with a party, food and gifts of CDs to add to his music collection. He never let his illness get him down and was truly one of the nicest men we ever met." When Adam passed away last spring, the Same Day Services/Infusion Center staff was moved to make a donation to the Susquehanna Health Foundation in

his memory. Their donation inspired the Cancer Center to use additional contributions to purchase SiriusXM Satellite Radios for their patients. Patients now can enjoy the soothing and healing qualities of music, which research shows can reduce anxiety and help the body produce antibodies to enhance immunity. Treatment chairs in the Cancer Center include SiriusXM Satellite Radio controllers and headsets so patients can tune into programming they enjoy.

"From the wall colors to the pictures and treatment chairs, we do whatever we can to create an environment that is calm, comfortable and healing," says **Michelle Gaida**, Executive Director of Cancer Services. "We take our cues from the patients, learning from them what makes the experience better. Music therapy is one of the many amenities we've been able to add with the very generous contributions from donors."

Other comfort items added with donations over the years include custom gowns and robes for radiation oncology patients, warming blankets, visual therapy in the radiation oncology treatment rooms, free hand massages, recliner chairs with heat and massage features, and the beautifully maintained three-tier healing garden.

# *The Muncy Bank* & TRUST COMPANY

A CORNERSTONE OF THE COMMUNITY SINCE 1893.

A cornerstone of the community since 1893, The Muncy Bank & Trust Company is a longtime supporter of Muncy Valley Hospital. **Dan Berninger**, Bank President & CEO, has served on the hospital board for 27 years and is currently Chairman of the Board.

"The bank and hospital go hand in hand. Both are necessary to the overall well-being of the people of Muncy, Hughesville and surrounding communities. They help families

Susquehanna Health's *Project 2012* Capital Campaign, which helped fund the expansion and renovation of the Skilled Nursing & Rehabilitation Center and creation of private patient rooms at Muncy Valley Hospital to support the community's growing number of aging neighbors.

"Easy access to excellent healthcare, from acute care through to the Emergency Department and surgeries, means a lot to our community,"

on benchmarked best practices to ensure safe, efficient and high-quality emergency care.

"As a rural community, we are fortunate to have a hospital that keeps pace with community needs and advances in healthcare. That says a lot about Susquehanna Health's commitment, and it's largely possible because of the gifts and support from individuals and businesses in the community," Dan says. "We hope

*"As a rural community, we are fortunate to have a hospital that keeps pace with community needs and advances in healthcare. That says a lot about Susquehanna Health's commitment..."*

—DAN BERNINGER, MUNCY BANK & TRUST PRESIDENT & CEO

and businesses to grow and thrive," Dan says. "Our excellent schools and hospital certainly play a role in making our community an attractive place to live and work."

The area's recent economic and population growth has increased the demand for Muncy Valley Hospital and its Emergency Department's services. To help with planned renovations, Muncy Bank & Trust has pledged \$150,000 to the *Continuing the Innovation* Capital Campaign. This pledge comes on the heels of a \$125,000 contribution to

Dan says. "My family members and I have received treatment here, and in addition to being convenient, the service and care are personalized and second to none."

Among the changes planned for the Emergency Department is an increase from five curtained bays to 14 private rooms equipped with modern technology. There will be specialized areas for trauma, decontamination and behavioral health evaluation. The Emergency Department will also gain a private entrance to improve patient safety. The overall design is based

Muncy Bank & Trust's gift will inspire others to continue the commitment to Muncy Valley Hospital and keep these improvements coming."

# Susquehanna Health Heart & Vascular Institute Affiliates with Cleveland Clinic

*Pictured above, Cleveland Clinic representatives Dr. Curtis Rimmerman; Dr. Suma Thomas; Dr. Joseph Cacchione; and Dr. Bruce Lytle with Dr. Michael Lazar, Medical Director of Susquehanna Health Heart & Vascular Institute; Dr. William McCauley, President of Susquehanna Health Medical Group; and Steve Johnson, President & Chief Executive Officer of Susquehanna Health.*

Susquehanna Health is bringing the care and expertise of a major cardiovascular center to the region by affiliating with the nation's leader—Cleveland Clinic's Sydell and Arnold Miller Family Heart and Vascular Institute. This affiliation raises the bar for all areas of cardiovascular care at Susquehanna Health by applying Cleveland Clinic's existing standards for quality, training, research and education. Cleveland Clinic is ranked number one in cardiac care in the nation for the 19th straight year by *U.S. News & World Report's* "America's Best Hospitals," and is consistently at the top or near the top in many other independent reviews.

"We are excited to add Cleveland Clinic's quality and reputation to our own," says **Michael Lazar, MD**, Medical Director of Susquehanna Health Heart & Vascular Institute. "I'm honored to be a part of such a strong team of quality physicians both at Susquehanna Health and Cleveland Clinic. I look forward to learning from our peers and incorporating their best practices. Our patients will benefit as we grow our knowledge of cardiac care

and the new treatments and therapies we can offer."

The industry leader approached Susquehanna Health about becoming a formal affiliate, one of just 15 nationwide, after conducting a review of the Susquehanna Health Heart & Vascular Institute.

"Collaborations like this are good for patients because they are evidence that their local healthcare provider is striving to provide them with the most advanced care and has a future-looking focus," says **Bruce Lytle, MD**, Chairman, Cleveland Clinic Heart and Vascular Institute. "Susquehanna Health's Heart & Vascular Institute is clearly committed to high-quality patient care, and by affiliating with Cleveland Clinic, it is fostering relationships and building bridges that will allow it to continue enhancing the quality of heart care in northcentral Pennsylvania."

For heart and vascular patients in Tioga County and surrounding areas, the

affiliation will bring additional experts and services closer to home. Susquehanna Health cardiologists are providing care in Tioga County with expanded clinic hours.

This unique affiliation improves patient care with the latest heart treatments available and makes expert care convenient and easily accessible to improve the heart health of patients and families in northcentral Pennsylvania.

## BENEFITS FOR SUSQUEHANNA HEALTH PATIENTS WILL INCLUDE:

- Susquehanna Health Heart & Vascular Institute doctors and caregivers are trained and reviewed by Cleveland Clinic with the additional ability to consult with peers
- Heart care close to home
- More experts weighing in on the best treatment for cases
- An overall improvement in heart and vascular outcomes for the entire region

# Planned Giving Through Beneficiary Designation

By Maggie Aderhold, Vice President of Wealth Management &  
Trust Services at The Muncy Bank & Trust Company

Many of us have charitable goals in mind. Whether compelled by personal beliefs or inspired by an outstanding service received, we feel the need to give. Sometimes that's easier said than done. You may not be able to afford a major charitable gift at this time. In this case, a beneficiary designation through your estate plan provides an opportunity for you to meet current charitable goals without the immediate transfer of assets or property.

Developing an estate plan is an important step to ensure your assets are transferred efficiently in accordance with your wishes to your beneficiaries with the least amount of taxes and expenses. The importance of a beneficiary designation in this process shouldn't be underestimated. You can choose to name a family member, friend or charitable organization as

beneficiary to a variety of personal properties and contracts.

Perhaps the most flexible way of giving is through beneficiary designation of property subject to contracts, such as retirement plans, life insurance or annuities. You can designate a beneficiary in full or just give a percentage of your assets. When you designate a charity as beneficiary, the gift is not subject to inheritance or income tax, enhancing the impact of the gift.

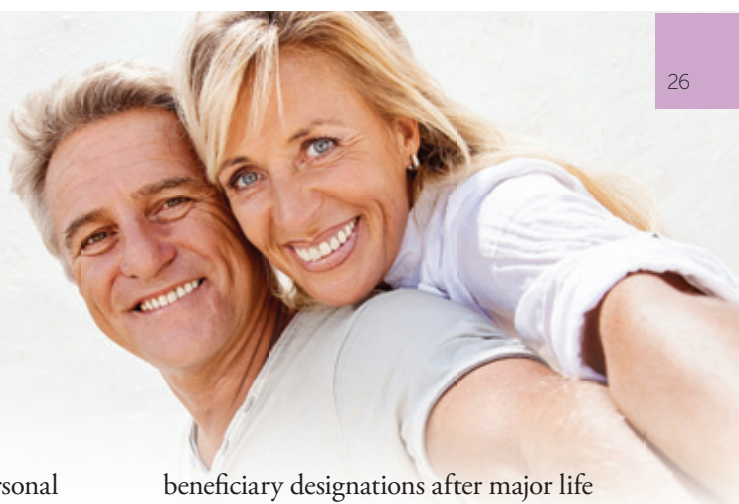

You can also choose to elect beneficiaries on jointly held property or donate through your will. Talk to your attorney, estate planner, financial advisor or other certified specialist about what options are best for your specific circumstances.

In addition, remember to review your

beneficiary designations after major life events, such as retirement, when your children move out or if a beneficiary passes before you.

If you choose to designate the Susquehanna Health Foundation as a beneficiary through your estate plan, please let us know. When we know your charitable goals and plans, we can help ensure your gift is used in the areas you care most about.

Having trouble understanding or deciding which method of planned giving is right for you? Visit [SusquehannaHealth.org/GiftPlans](http://SusquehannaHealth.org/GiftPlans) to learn more. You can also contact Tom O'Connell, Director of Major and Planned Gifts at Susquehanna Health, by calling (570) 320-7612.

## TREE OF LIFE CLUB

The Tree of Life Club is the employee giving club at Susquehanna Health. Listed below are all new TLC donors from July 1 – December 31, 2013.

# Sister Joanne Elected to New Role with Sisters of Christian Charity

**Sister Joanne Bednar**, formerly a leader at Susquehanna Health, has been elected general councilor for the community of the Sisters of Christian Charity. This new role, which she began in late October 2013, has taken her to the "corporate headquarters" in Rome, Italy, to work with the superior general. She represents the Sisters of North America alongside

*"As sponsors, we are very interested in how Susquehanna Health fulfills its mission 'to extend God's healing love by improving the health of those we serve' and how that ties to the mission of the Sisters of Christian Charity..."*

—SISTER JOANNE BEDNAR

councilors (or advisors) representing the Sisters of South America and Germany. Together with the superior general, treasurer general and secretary general, they act as the general administration to unify the organization.

As a general councilor, Sister Joanne has the special task of seeing that the

mission and spirit of the congregation is alive and well in North America where the Sisters of Christian Charity minister, including at Susquehanna Health.

"As sponsors, we are very interested in how Susquehanna Health fulfills its mission 'to extend God's healing love by improving the health of those we serve' and how that ties to the mission of the Sisters of Christian Charity, 'to go out to all the world and bring the good news—love, justice and peace,'" explains Sister Joanne. "As Director of Sponsorship, **Sister Teresa Ann Jacobs** is our eyes and ears to see that those missions are alive and well at Susquehanna Health."

Sister Joanne is thrilled to be of service to God and her Sisters in this new role. She is getting acclimated to the culture and antiquity of Rome, which has been exciting. As one who enjoys a very personalized approach, Sister Joanne is looking forward to the coming months when she will travel to Chile, Uruguay and Argentina. While on this trip she will meet face to face with Sisters serving there to discover each area's unique issues and needs. An upcoming trip to North America includes a visit to Susquehanna Health.

For nearly two decades Sister Joanne was a leader at Divine Providence Hospital, the former Providence Health System and then Susquehanna Health. She helped to fulfill the mission of the Sisters of Christian Charity in the Williamsport area through her administrative expertise. In 2010, Sister Joanne was appointed as Delegate for Religious of the Archdiocese of Newark, New Jersey where she served for three and half years prior to being elected to the general administration.

# Contributions to Comfort Kids

For more than 12 years the **Fraternal Order of Eagles (FOE), Aerie #970**, of Williamsport has supported the Susquehanna Health Pediatric unit with financial gifts, toys, dolls, DVDs, electronics and other items on the unit's wish list. It began with an initial gift of \$200 in 2000, but the contributions have continued to

is a "safe" space in which procedures are not conducted. The hippo table will provide a more relaxed and safe area to conduct the procedures while calming the fears of the sick children.

"We like the idea of helping children feel comfortable and giving them things to take their minds off being

any time we can do something to help them, that's important to us."

The FOE is a service organization of men and women that was organized in Seattle, Washington, in 1898 with the motto "Liberty, truth, justice, equality." Today, there are more than 4,000 FOEs across the country, with an updated motto of "People helping people."

Michael says the FOE, located on Third Street in Williamsport, has more than 600 members and raises funds through small games of chance. The FOE donates to several charitable organizations in the Williamsport area each year.

"We like the idea of helping children feel comfortable and giving them things to take their minds off being in the hospital."

-Michael Hook

increase every year, with gifts of \$4,000 the past couple of years. In 2013, the FOE voted to increase its gift to \$6,000 to include purchase of a \$4,000 hippo exam table for the renovated unit.

in the hospital," says Michael Hook, a more than 20-year FOE member. "We know that children are the future, and

Designed to help children feel calm and happy, the new exam table stands on hippo feet and features a friendly hippo face with a wide, sturdy back where a child can lie comfortably for an exam. This new exam table is important as the child's patient room
